Introducing SunTouch® Custom TapeMats®

SunTouch now offers a quicker way to bring electric floor warming to all your customers. The new SunTouch Custom TapeMat is the next generation in electric floor warming mats. Our pre-shaped custom mats offer fast & easy installation, and our open weave design allows for 1-step application with thin-set or self-leveler.

Features & Benefits:

- Quicker, simpler, easier installation – TapeMat is pre-shaped to fit any area
- Open weave TapeMat allows for a 1-step application with thin-set or self-leveler
- Easy alterations if dimension of room changes.
- Simple to adjust for curves, angles, and cut-outs
- Double-sided tape adheres to subfloor for faster layouts
- UL Listed at 12 Watts/square foot

Contact your local representative today for more information or visit us at SunTouch.com • 888-432-8932

How to Order:

1. Send in a drawing to designs@watts.com
2. Drawing must contain the following:
 - a. Complete, accurate dimensions of the area to be heated. Include all wall dimensions from start to finish around the room.
 - b. Thermostat location
 - c. Dimensions of any obstructions in the heated area (vents, plug-ins, plumbing, etc.)
3. A design showing the Custom TapeMat layout will be faxed back for customer approval. **A signature must be on file verifying the accuracy of the layout!**
4. Send a PO to suntouch@watts.com including:
 - a. Custom TapeMat order number from below
 - b. The project number included on Custom TapeMat layout
 - c. Sketch of the Custom TapeMat layout with customer's approved signature
5. Mats will ship within 3 business days after receipt of PO with the customer approved, signed drawing.
